

University of Maryland Medical Center – Midtown Campus Lactation Map

The lactation room is located on the 2nd floor of the hospital. Employees that need to use the room should go to Employee Health and they will set them up for use; make sure they know where it is. The employee will need to also go to Security to get badge access to the room. The lactation room has a table and chairs and a refrigerator but no pump supplies. It is available 24 hours a day. There is a “Stop” sign to be used on the door when in use.
