The Selection Committee has awarded The 2022 Mackenzie/Imle Mentoring Prize to **Gary Fiskum, Ph.D.**, The M. Jane Matjasko Professor for Research and Vice-Chair for Research.

The Prize is awarded annually to “outstanding faculty members demonstrating excellent mentorship with a positive impact on professional development and career advancement in one or more of the following areas: clinical medicine, research, local and regional service, and teaching.”

In 1997, Dr. Fiskum was recruited from his professorial position at George Washington University and named the Department’s Director of Research. Over the next few years, Dr. Fiskum did much of the “heavy lifting” in constructing the foundation for neuroscience research within the Department.

While building out his own vibrant research program, Dr. Fiskum influenced a generation (or more!) of mentees. Dr. Fiskum has demonstrated impeccable skills as a teacher and mentor to a lengthy roster of medical students, graduate students, post-doctoral fellows, residents, and faculty members. Many of the young investigators successfully transitioned to faculty positions in our department, throughout other departments at UMB, and at academic centers across the country.

**Dr. Wright Appointed the New President of the Medical Staff & Chair of the Medical Executive Committee (MEC) at UMRehab**

**Thelma B. Wright, MD, JD, MBA**, Associate Professor as she accepts the “gavel” as president of the medical staff and chair of the Medical Executive Committee (MEC) at the University of Maryland Rehabilitation & Orthopedic Institute; from the outgoing president Syed Ashfaq Hasan, MD. As chair of MEC, she will have vital input on making key leadership decisions related to medical staff policies, procedures, and rules, with an emphasis on quality control and quality improvement initiatives.
Physician Colleague Award

Ashlee Gourdine, MD, Obstetric Anesthesiology Fellow, who earned the Physician Colleague Award from the School of Nursing. She was the chosen awardee from all anesthesiology residents and fellows. The Physician colleague awards recognized Dr. Gourdine for her strong service, teaching, leadership, and collaboration skills with nursing students.

2022 Society for Obstetric Anesthesiology and Perinatology Annual Meeting

Katelyn Scharf, MD (CA 3 resident) was awarded the Gertie Marx Competition Award for her project titled “Fetal Delivery During Maternal Mechanical Ventilation for Severe COVID-19. The Relationship of Maternal PaO2, PaCO2 and Acid-Base Status on Neonatal Outcome” at the 2022 Obstetric Anesthesiology and Perinatology (SOAP) conference. The Gertie Marx Research Competition, named in honor of one of the pioneers of obstetric anesthesia, is SOAP’s preeminent forum for the presentation of research by members in training, residents, and fellows worldwide. The competition includes recognition and cash awards for presentations most highly judged by an international panel of scholars. Dr. Bhavani Shankar Kodali, MBBS, MD, Professor stated “Her presentation was flawless, and she handled the questions exceptionally thoughtfully”, and received excellent feedback from senior faculty members.

Dr. Peter Rock receives the UMB ICTR Innovative Collaboration Pilot Grant

The Institute for Clinical and Translational Research (ICTR) recently announced its 2022 UMB ICTR Accelerated Translational Incubator Pilot (ATIP) Grant awardees. Mary Ann Jabra-Rizk, Professor, SOD, Department of Oncology and Diagnostic Sciences (PI), and Peter Rock, MD, MBA, Dr. Martin Helrich Chair of Anesthesiology (Co-PI) was awarded the ICTR Innovative Collaboration Pilot Grant for their project entitled “Impact of SARS-CoV-2 mediated salivary gland dysfunction on secreted salivary antimicrobial peptides and risk of oral opportunistic infections”. The Innovative Collaboration Pilot Grant aims to stimulate innovative collaborations among faculty of the UMB Schools of Dentistry, Law, Medicine, Nursing, Pharmacy, Social Work, UMBC, UMB, and UMCP that will involve research along the translational continuum. For more information on the Accelerated Translational Incubator Pilot (ATIP) Grant.
AWARDS AND HIGHLIGHTS

Faculty Elected to the AUA Membership

Congratulations to Konstantin G. Birukov, MD, PhD, Marta Lipinski, PhD, Brian Polster, PhD for being elected as Active Members, and Brittney Williams, MD as an Associate Member in the Association of University Anesthesiologists (AUA). AUA members are nominated and selected based on excellence in teaching, administration, and research. The goal of the AUA is to develop scholars, educators, practitioners, and leaders at the forefront of academic anesthesiology. The mission is to promote the advancement of academic anesthesiology as a dynamic specialty that makes substantive contributions to medicine, science, and society.

Department Faculty members nominated for the 2022 “Attending Physician of the Year” Award

In celebration of “National Doctors Day,” we would like to congratulate all the nominees for this year’s “Attending Physician of the Year” award. Medical staff members, residents, and fellows voted on this honor awarded to faculty that consistently model patient-centered, high-quality, and safe care while demonstrating a strong commitment to the mission and values of UMMC.

- Dr. Shobana Bharadwaj: “Excellent teacher, physician, and leader."
- Dr. Stephanie Kahntroff: “Stephanie is the whole package - a dedicated educator, outstanding clinician, and capable leader, showing exceptional ability to navigate the high stakes/high tension realm of peds cardiac surgery.”
- Dr. Bhavani Kodali: “A talented teacher, clinician, and leader.”
- Dr. Robert Noorani: “Definition of a team player. A vast wealth of knowledge.”
- Dr. Patrick Odonker: “Unflusterable despite taking care of incredibly sick patients, an excellent clinician, and an absolute gem of a partner.”
- Dr. Mathew Tulis: “He’s an outstanding colleague.”
- Dr. Elizabeth Cox-Williams: “Patient-centered care, compassion.”

2022 Faculty Promotions

Congratulating the following faculty on their promotions

Thomas Grissom, MD, MSIS, FASA, FCCM
promoted to Professor

Samhati Mondal, MBBS
Promoted to Associate Professor

Erik Strauss, MD
Promoted to Associate Professor

Brian Polster, PhD
Promoted to Professor

Brittney Williams, MD
promoted to Associate Professor

Thelma Wright, MD, JD
promoted to Associate Professor

Bogdan Stoica, MD
Associate Professor, Awarded Tenure
Peter Hu PhD, Shiming Yang, PhD, among others receive patent approval

Peter Hu PhD, Professor; Shiming Yang, PhD, Assistant Professor, Colin F. Mackenzie, MB, ChB, MD, Professor Emeritus from the Department of Anesthesiology among others received approval for a US patent on April 5, 2022, for “Method and Apparatus for Monitoring Collection of Physiological Patient Data”. A method and apparatus for monitoring the collection of subject condition data provided. The method includes receiving a value of a parameter of subject condition data and a value of a sample time, for each of a plurality of sample times. The method also includes storing the subject condition data in a data structure including a first field for holding data indicating a current sample time and a second field for holding data indicating the value of the parameter. The method also includes determining a time gap defined by the duration between the current sample time and a most recent sample time and determining whether the time gap exceeds a time gap threshold and causes an apparatus to perform remedial action. A method for presenting the subject condition data on a display is also provided.

Department Research Seed Grant Recipients

Dr. Justin Richards and Dr. Shiming Yang
"Analysis of Continuous Vital Signs to Predict Acute Traumatic Coagulopathy"

Dr. Bhavani Kodali and Dr. Wei Chao
"Plasma MicroRNA Landscaping in Maternal Patients with Preeclampsia"
The 2022 Annual American Society of Anesthesiologists (ASA) meeting was held October 21-25 at the Ernest N. Morial Convention Center in New Orleans, Louisiana. This annual meeting connects clinicians and researchers to the latest clinical practice, research, and technology while allowing them to interact with more than 14,000 leaders and anesthesia professionals worldwide. Our faculty and staff gathered and discussed issues important in our field; over 20 faculty members, fellows, and residents presented on various topics.

Presenters:

- Andrea Lorico, MD – Perioperative Management Of Fanconi-bickel Syndrome
- Bianca M. Conti, MD. – Invasive Cadaveric Procedural Skills Lab Boot Camp
- Brittney Williams, MD - Our Favorite Papers of the Year: How Will They Affect Your Practice?
- Corrine Renner, MD - Autologous Normovolemic Hemodilution (anh) In Liver Transplant - Recipe For Success Or Disaster?
- Emily Bergbower, MD, PhD – Sudden Onset Hypoxemia After Pacer Wire Removal Status-post Rv Muscle Bundle Resection And Vsd Repair In A 38-year-old Woman
- Erica Haas, MD – Complex Airway Management Of A 60-year-old Man With Chronic Respiratory Failure And Cervical Cord Compression
- Kelly Poe, BS (Megan Graybill Anders, MD) – Declining Experience With Neostigmine Administration Among Graduating Anesthesiology Residents In The Sugammadex Era
- Kevin Cortese, MD – Intraoperative Dilemma Associated With Cerebral Oximetry Desaturation In A Case Of Carotid To Aberrant Right Subclavian Bypass
- Kimberly Hollander, MD – Arrest? Open the Chest! The New Protocol for Resuscitation of Patients Who Arrest after Cardiac Surgery
- Kunal Patel, MD – Peripheral Nerve Stimulation For Refractory Post Herpetic Neuralgia
- Lauren Everett, MD – Is That A Coronary Sinus Atrial Septal Defect Or Just Coincidence? Echocardiographic Challenge In A Case Of Venous And Arterial Thromboembolism
- Marissa Klein, BA (Megan Graybill Anders, MD) – Prevention Of Post-operative Nausea And Vomiting: A Quality Improvement Initiative To Increase Adherence To National Practice Guidelines
- Megan McClain, MD – Challenges Associated With Rapid Ventricular Pacing To Facilitate Flow Arrest For Clipping Of Giant Superior Cerebellar Artery Aneurysm
- Reney A. Henderson, MD – Late-breaking papers on perioperative COAGULATION/TRANSFUSION management
- Samhati Mondal, MD, MBBS – FASE. Perioperative TEE Interpretation and Medically Challenging Cases II
- Sarah Wachter, MD – Invasive Cadaveric Procedural Skills Lab Boot Camp
- Seema P. Deshpande, BS, MB – Management of antiplatelet therapy prescribed for various vascular stents for emergent surgery.
- Stephanie Lum, MD (FAER Student-Wei Chao, MD, PhD) – Extracellular RNA and Inflammation in Polytrauma
- Thomas E. Grissom, MD, MS, FCCM, FASA – Invasive Cadaveric Procedural Skills Lab: Pushing the Limits
- Yvette L. Fouche, MD – Invasive Cadaveric Procedural Skills Lab: Pushing the Limits
- Zelle Ndika, BS (Megan Graybill Anders, MD) – Antiplatelet Tightrope: Removing An Epidural Catheter After Initiating Dual Antiplatelet Therapy For A Perioperative Stemi
AWARDS AND HIGHLIGHTS
Strength in Collaboration
On October 14, 2022, the Department hosted the Anesthesiology Research Retreat at the Southern Management Campus Center on the UMB Campus. The retreat provided an opportunity for our researchers to present their latest scientific discoveries and emerging technologies in both basic and clinical research. The one-day conference brought together over 50 of our basic and clinical investigators, junior faculty, fellows, staff, and students, who exchanged and shared experiences in all aspects of Anesthesiology research including: brain and spinal cord injury, trauma, sepsis, coagulation, lung biology, mitochondrial bioenergetics, and, big data/machine learning.

Department Giving Back to the Community

Our Department’s team, "The Sleepy Turtles" raised over $990 for the Baltimore Healthcare for the Homeless "Rock your Socks" 5K in November 2022. This event was held at Patterson Park in Baltimore. Healthcare for the Homeless provides comprehensive healthcare and supportive services to persons experiencing homelessness. Contact Dr. Susan Sankova if you are interested in joining the team next year.

Thank you for your participation
The 35th Professors Martin Helrich and M. Jane Matjasko Annual Lecture in Anesthesiology were held in back in-person on Wednesday, November 11, 2022, at 5 p.m. The lecturer this year was Chad M. Brummett, MD, Senior Associate Chair for Research, Bert N. LaDu Professor of Anesthesiology Director of Pain Research, Director of Clinical Anesthesia Research, and Co-Director of Michigan Opioid Prescribing Engagement Network (Michigan OPEN) for the Department of Anesthesiology at University of Michigan School of Medicine. Dr. Brummett has more than 200 publications, including articles in top journals such as JAMA, JAMA Surgery, Anesthesiology, and Annals of Surgery. He is the Co-Director of the Opioid Prescribing Engagement Network (OPEN) at the University of Michigan, which aims to apply a preventative approach to the opioid epidemic in the US through appropriate prescribing after surgery, dentistry, and emergency medicine. In addition, his research interests include predictors of acute and chronic post-surgical pain and failure to derive benefits for interventions and surgeries primarily performed to treat pain. Dr. Brummett is interested in the impact of a fibromyalgia-like or centralized pain phenotype on analgesic outcomes. He is the Co-PI of multiple NIH grants studying these concepts and receives funding from the Michigan Department of Health and Human Services, SAMHSA, CDC, and multiple foundations.

Farewell... BEST WISHES!

The department says goodbye to Julie Utz our IT "Clinical Application Systems Manager." For more than 13 years, Julie has served the department faithfully as the administrator and support manager for MetaVision, the department’s anesthesia information management system. As the department transitions from MetaVision to Epic Anesthesia and the clinical support functions transition from the department to the hospital and system. We thank Julie for her many years of service and wish her all the best in the next chapter of her career.

The department says Happy Retirement to Denise Brown Business Services Specialist for Dr. Gary Fiskum and the Anesthesiology MSTF 5 Floor Labs. Denise served this department for over 10 years and worked for the University of Maryland System for over 15 years. We will like to thank her for her many years of service and wish her a happy retirement.
RESIDENCY GRADUATES

Jessica Hsu Chou, M.D.
Chief Resident 2021-2022
Cardiothoracic Anesthesiology Fellowship
University of Maryland Medical Center

Daniel Francis DaTorre, M.D.
Regional Anesthesiology Fellowship
University of Pittsburgh Medical Center

Andrew E. Goodman, M.D.
Chief Resident 2021-2022
Regional Anesthesiology Fellowship
University of Pittsburgh Medical Center

Mohan Govindraj, M.D.
Private Practice
Jersey Shore University Medical Center

Zachary McHenry, M.D.
Regional Anesthesiology Fellowship
The Ohio State University Wexner Medical Center

Katelyn Scharf, M.D.
Obstetric Anesthesiology Fellowship
University of Maryland Medical Center

Shruti Sudhakar, M.D.
Chief Resident 2021-2022
Regional Anesthesiology & Acute Pain Management Fellowship
Johns Hopkins Hospital

Duy Trinh, M.D.
Private Practice
Valley Anesthesiology Consultants

Allison Ulrich, M.D.
Pediatric Anesthesiology Fellowship
University of Michigan Medical Center

Pushpinder Singh Uppal, M.D.
Pain Management Fellowship
University of Maryland Medical Center

Congratulations
FELLOWSHIP GRADUATES

Adult Cardiothoracic Anesthesiology Fellows

Seung Choi, M.D.
American Anesthesiology of North Carolina
Raleigh, North Carolina

Patrick Joseph Coleman, M.D., M.P.H.
Walter Reed National Military Medical Center
Bethesda, Maryland

TomMario Alando Davis, M.D.
Banner Desert Medical Center
Anesthesia Partners of Arizona
Critical Care Anesthesiology Fellow

Aaron M. Sachs, M.D.
Cardiothoracic Anesthesiology Fellowship
University of Maryland Medical Center
Baltimore, Maryland

Obstetric Anesthesiology Fellow
Ashlee V. Gourdine, M.D.
Private Practice
Washington, D.C

Regional Anesthesiology and Acute Pain Medicine Fellow
Christopher Jones, M.D.
Sarasota Anesthesiologists P.A.
Sarasota, Florida

Pain Medicine Fellows

Alvin Kennedy, M.D.
Ascension St. Agnes Hospital
Baltimore, Maryland

Samuel MacCormick, M.B.B.Ch.
Cape Breton Regional Hospital
Nova Scotia, Canada

David McEnerney, D.O.
University of Florida
Jacksonville, Florida

Trauma Anesthesiology Fellow
Benjamin David Hume, M.D.
University of Kentucky
Lexington, Kentucky

Eric B. McDaniel, M.D.
Cedars Sinai Medical Center
Los Angeles, California

Arissa Margaret Torrie, M.D.
University of Maryland Medical Center
Baltimore, Maryland

Congratulations

Welcome New Fellows and Residents

2022 New Anesthesiology Residents

Anesthesiology Residents (Class of 2026)

Joseph Brooke, MD
Medical Education: Virginia Commonwealth University School of Medicine
Internship: University of Maryland Medical Center

Michael Brush, MD
Medical Education: University of Minnesota Medical School
Internship: University of Maryland Medical Center

Joseph Casella, MD
Medical Education: University of Kansas School of Medicine
Internship: University of Maryland Medical Center

Savannah Cofer, MD
Medical Education: Florida State University College of Medicine
Internship: University of Maryland Medical Center

Benjamin Eide, MD, MPH
Medical Education: University of Minnesota Medical School
Internship: University of Maryland Medical Center

Claire Eun, MD
Medical Education: Wayne State University School of Medicine
Internship: University of Maryland Medical Center

William Kim, MD
Medical Education: University of Virginia School of Medicine
Internship: University of Maryland Medical Center

Andrea Lin, MD
Medical Education: University of Maryland School of Medicine
Internship: University of Maryland Medical Center

Brianna McKiernan, MD
Medical Education: George Washington University School of Medicine
Internship: University of Maryland Medical Center

Bruce Schmidt, MD
Medical Education: Drexel University College of Medicine
Internship: University of Maryland Medical Center

Evan Yang, MD
Medical Education: Creighton University School of Medicine
Internship: University of Maryland Medical Center
On Saturday, August 13, the department hosted a full-day retreat for the Anesthesiology Residents. The morning was full of education sessions discussing fellowship and career opportunities with a panel discussion, contract negotiation, and financial management. The residents were then transported to Wonderfly Arena for Team Building & Bonding exercise, which included bubble ball, arrow tag, dodgeball and so much more. The residents ended the day with a social hour at Little Havana.

UMMC House Staff Association Selections

We are pleased to announce that 2 of our residents and a fellow were selected to serve on the following UMMC House Staff Association committees:

Dr. Kyle Chin Shue (CA1): Airway Safety Council

Dr. Cortney Barbica (CA3): Airway Safety Council

Dr. Jessica Chou (CT Fellow): Transfusion Practices Subcommittee

2022 Resident Retreat

On Saturday, August 13, the department hosted a full-day retreat for the Anesthesiology Residents. The morning was full of education sessions discussing fellowship and career opportunities with a panel discussion, contract negotiation, and financial management. The residents were then transported to Wonderfly Arena for Team Building & Bonding exercise, which included bubble ball, arrow tag, dodgeball and so much more. The residents ended the day with a social hour at Little Havana.
