at the University of Maryland School of Medicine, Baltimore***

The Richard B. Horenstein, MD, Memorial Lectureship in the Department of Medicine Division of Endocrinology, Diabetes & Nutrition has been established in memory of Dr. Richard B. Horenstein, associate professor of medicine. Dr. Horenstein had an intellectual hunger for learning, and carried this passion into all aspects of his life and work. He was collegial, collaborative, compassionate, and a true "Renaissance Man." Dr. Horenstein came to the University of Maryland in 2001 as a fellow in the Division of Endocrinology, Diabetes & Nutrition and joined the full-time faculty in the Department of Medicine in 2004. He passed away in 2017 after battling cancer. The Horenstein Lecture was established to honor prominent individuals who have made significant contributions to the field of translational medicine.
