

NIDA Clinical Trials Network

Telemedicine Special Interest Group

10/08/2021 @ 8:30 am PST / 11:30 am EST

Eric Weintraub, MD

Associate Professor of Psychiatry, Director Division of Alcohol and Drug Abuse,
Co-Director of Adult Psychiatry, University of Maryland Medical Center

Eric Weintraub MD is a Professor of Psychiatry at the University of Maryland, School of Medicine where he serves as the Director of the Division of Addiction, Research, and Treatment. He has extensive clinical experience in treating persons with Opioid Use Disorder (OUD) and has developed innovative programs to increase access to care for these individuals. One focus has been on the development of novel telehealth strategies to expand access to buprenorphine treatment to individuals with OUD in underserved rural areas.

Innovative Telemedicine Strategies to Expand Access to Buprenorphine Treatment in Underserved Rural Areas

On 10/08/21, Dr. Weintraub will present on innovative telemedicine strategies for expanding access to buprenorphine treatment for individuals with OUD in underserved rural areas.
