Mock Orals in Radiation Oncology
March 14-15, 2020

Presented by the University of Maryland School of Medicine
Department of Radiation Oncology
Maryland Proton Treatment Center (MPTC)
850 W. Baltimore Street
Baltimore, MD 21201
http://www.mdproton.com

About the Course: The purpose of this two-day interactive course is to simulate the radiation oncology oral board examination through a series of one-on-one timed interviews reviewing high-yield cases with individual feedback (day one) and a didactic half-day session (day two) with disease-site experts providing an overview with practical tips. The instructors for this course include a combination of invited nationally recognized faculty and our own top-ranked faculty in the Department of Radiation Oncology, University of Maryland School of Medicine.

Target Audience: The course is dedicated to aid young practicing radiation oncologists prepare for the oral board examination.

- First year residency graduates preparing for initial certification
- Practicing physicians preparing for re-examination

Accommodations: There are a variety of hotels to choose from in the immediate area. We have secured a block of rooms at the Hampton Inn Baltimore-Downtown-Convention Center.

The following disease-site categories will be reviewed:
- Gastrointestinal
- Lymphoma
- Gynecologic
- Head & Neck
- Genitourinary
- Pediatrics
- Lung
- Central Nervous System
- Breast
