Funding for Research on COVID-19 and Information for NIH Applicants re: Impact of COVID-19 on Grants and Submissions

Updated on April 6, 2020

FUNDING OPPORTUNITIES SPECIFIC TO COVID-19

Internal

UNIVERSITY OF MARYLAND BALTIMORE, INSTITUTE FOR CLINICAL AND TRANSLATIONAL RESEARCH (UMB ICTR)

COVID-19-Specific Accelerated Translational Incubator Pilot (ATIP) Grant competition to provide starter funds for projects specifically focused on clinical and translational research related to COVID-19 that involve faculty from the UMB Schools of Dentistry, Law, Medicine, Nursing, Pharmacy and Social Work; UMBC and UMB community partnerships.

Applications will be accepted on a rolling basis up to the deadline of April 23, 2020 and will have an expedited review. Funds will be awarded up to $50K. To be considered for this COVID-19 grant opportunity, all proposals must be submitted electronically through the ICTR website by 5 PM EST April 23, 2020. You can access the application and find out more information regarding this funding opportunity by visiting: https://www.umaryland.edu/ictr/funding/atip-grant-program---covid-19---foa/

For questions regarding application guidelines, please contact ICTR-navigator@umaryland.edu

PATIENT CENTERED OUTCOMES RESEARCH INSTITUTE (PCORI)
PCORI’s Board also approved funding for new research and programs seeking to improve COVID-19 care while making supplemental funds available to existing studies and projects that can address this issue. Altogether, PCORI is investing up to $110 million in high-quality, patient-centered research targeting coronavirus. **NOTE:** As more information becomes available on PCORI funding opportunities, we will include and continue to update.

MEDICAL TECHNOLOGY ENTERPRISE CONSORTIUM (MTEC)
MTEC posted a pre-announcement for a Request for Project Proposals (RPP) to rapidly develop and deploy the National Emergency Telecritical Care Network (NETCCN) https://www.mtec-sc.org/upcoming-solicitations/

MCDC CONSORTIUM MANAGEMENT FIRM
MCDC has released a Request for Information (RFI) on the MCDC Website. This RFI has been put forth by Joint Program Executive Office for Chemical, Biological, Radiological, and Nuclear Defense (JPEO-CBRND). This RFI requests solutions to the novel Coronavirus (2019-nCoV) pandemic in the United States and is for the following Sub-Objective areas:

**MCDC RFI: CoV Pandemic Response**
- Diagnostics/Monitoring
- Surveillance
- Information Systems for Point of Care
- Therapeutics
- Prophylactics
- Clinical trials

Flexibilities Available to Applicants and Recipients of Federal Financial Assistance Affected by COVID-19
Guidance for NIH-funded Clinical Trials and Human Subjects Studies Affected by COVID-19

Update: NIH Late Application Policy Due to Public Health Emergency for US for 2019 Novel Coronavirus

FAQs: COVID-19 Flexibilities for Applicants and Recipients

1. Can I request an extension for a Ruth L. Kirschstein National Research Service Award (NRSA) fellowship award?
Yes. Recipients may submit extension requests to the funding IC for consideration when the effects of COVID-19 have altered the planned course of the research training. Extension requests must include a description of how COVID-19 affected the fellowship award, and clearly outline how much additional time is needed. All such requests must be signed by the fellow, the Authorized Organization Representative, and the fellowship sponsor.

2. May National Research Service Award (NRSA) trainees and fellows, who receive stipends rather than salaries, continue to receive stipend payments if they are unable to work as a result of COVID-19?
Yes, stipend payments may continue to be charged to NIH NRSA grants affected by COVID-19. Recipients should notify the Grants Management Specialist named in the notice of award and provide documentation demonstrating the effect of COVID-19, and how long the institution will be affected.

3. Will University closings due to COVID 19 be allowed as a reason for ESI end date extensions?
Yes, investigators that have been affected by COVID-19 (e.g. university closure) may submit requests for an extension of ESI status through eRA Commons via the ESI Extension request button in the Education section of their Personal Profile. Refer to 4/1/2020 Frequently Asked Questions (FAQs) | grants.nih.gov
https://grants.nih.gov/faqs#/covid-19.htm?anchor=question55854 18/19 the ESI FAQs and eRA Online Help for more information on how to request an extension of ESI status.
4. Our institution’s Office of Sponsored programs has been mandated to work from home and they are not able to send in the original signed Payback forms. How should we provide NIH the forms?

There is no need to submit these forms at this time. NIH will allow for delayed submission of NRSA Payback Agreements due to COVID-19. Recipients should notify the funding IC of the delay and submit the form as soon as feasible.

5. Can I request an extension for a Ruth L. Kirschstein National Research Service Award (NRSA) and/or fellowship award?

Yes. Recipients may submit extension requests to the funding IC for consideration when the effects of COVID-19 have altered the planned course of the research training/activities. Extension requests must include a description of how COVID-19 affected the NRSA and/or fellowship award, and clearly outline how much additional time is needed. All such requests must be signed by the fellow, the Authorized Organization and the fellowship sponsor.

6. For awards with an effort level requirement (e.g., Career Development Awards), can PI effort be temporarily reduced below program effort requirements due to the impact of COVID-19?

Yes, recipients can contact the funding IC to request reductions in effort due to COVID-19, which may go below the required effort levels for the grant.

7. Can a K99 applicant apply for an extension of the 4-year eligibility window (for initial applications or resubmissions) due to COVID-19?

Yes, K99 applicants can request an extension to their K99 eligibility window due to the effects of COVID-19 on their research productivity. Affected applicants should consult with the funding IC for further guidance.

FUNDING SOURCE CONSULTATION SERVICE

Stacie Mendoza, Program Director for Research Career Development, assists junior faculty and postdocs with identifying sources of funding for their research including how to navigate the NIH funding database. To schedule a funding consultation, complete a Funding Search Request Form online at http://www.medschool.umaryland.edu/career/Grant-Funding-Consultation-Service/ Email: smendoza@som.umaryland.edu

Questions of Comments, please contact Stacie Mendoza at smendoza@som.umaryland.edu
