CLINICAL FACULTY IN MEDICINE – PLEASE SEE IMPORTANT NOTICE BELOW

Dear Colleagues:

I am writing to inform you that the UMMC Medical Executive Committee, comprised of the Department Chairs, Hospital executives, and at-large physician members, approved Wednesday the Disruptive Practitioner policy available via the link below.

Medical Center, Legal Counsel and School of Medicine leadership worked together closely to develop this policy to ensure that there is a standardized, consistent approach to Medical Staff behavioral and professionalism concerns. As you know, we seek to create a just culture within the hospital and across the clinical enterprise that promotes optimal patient safety and a healthy work environment. The RL6/UMMSafe professionalism reporting tool, and the attached policy, are several means to ensure greater fairness, responsiveness, accountability and patient safety.

If you have any questions, please do not hesitate to contact me.

Best regards,
Michael
