

KEEPING ISCHEMIC AND THREATENED EXTREMITIES SAFE (KITES)

Day 1: Friday, October 20, 2023

7:50 am **Welcome** *Khanjan Nagarsheth, MD*

MORNING SESSION I

Surgical and Endovascular Session

Moderator: Khanjan Nagarsheth, MD

8:00 am **Pedal Artery Bypass** *Justin Nelms, MD*

8:15 am **Pitfalls for Deep Venous Arterialization** *Rafael Santini, MD*

8:30 am **Use of Arterial Intravascular Ultrasound to Guide Therapy** *Michael Hall, MD*

8:45 am **Atherectomy: Friend or Foe?** *Nelson Bernardo, MD*

9:00 am **Deep Venous Reflux and Venous Valve Surgery** *Eric Hager, MD*

DEI in Limb Preservation

Moderator: Sarasijhaa Desikan, MD

9:15 am **Identifying Sexual Dimorphisms in PAD** *Anahita Dua, MD*

9:30 am **Disparities in CTLI in the Latinx Population** *Gabriel Periera, MD*

9:45 am **Barriers for Access to Care for the PAD Patient** *Swati Chaparala, MD*

10:00 am **DEI in Cardiac Risk Stratification** *Megan Carroll, MD*

10:15 am **BREAK**

MORNING SESSION II

Keynote Address

10:30 am **Introduction to Keynote Speaker** *Rajabrata Sarkar, MD*

10:40 am **Thomas S. Monahan Memorial Keynote Lecture** *Joseph Mills, MD*

Papers that Should Change your Practice 2023 Moderator: *Jeanwan Kang, MD*

11:30 am	Vascular	<i>Mirnal Chaudhary, MD</i>
11:50 am	Podiatry	<i>Emily Durrance, DPM</i>
12:10 am	Wound Management and Soft Tissue Infections	<i>William Chiu, MD</i>
12:30 pm	LUNCH & RESIDENT COMPETITION	

AFTERNOON SESSION

Multidisciplinary Considerations in End-Stage Limb Care

Moderator: *Suzanna Fitzpatrick, CRNP*

1:30 pm	Pre-habilitation for Amputation	<i>Allyson Zabala, PT, DPT</i>
1:45 pm	Caregiver Fatigue and the Amputee	<i>Nora Dunlap, CRNP</i>
2:00 pm	Preparing your Patient for Major Limb Amputation	<i>Gregory Sachs, MD</i>
2:15 pm	Pain Management for the Limb Patient	<i>Mehul Desai, MD</i>

Venous Lymphatic Session

Moderator: *Brajesh Lal, MD*

2:30 pm	Starting a Comprehensive Venous Program	<i>Anil Hingorani, MD</i>
2:45 pm	QOL After Debulking Surgery for End Stage	<i>Kuldeep Singh, MD</i>
3:00 pm	Physiologic Assessment of Venous Obstruction	<i>Charles Fox, MD</i>
3:15 pm	Venous Reconstruction for Non-Healing Wounds	<i>Areck Ucuzian, MD</i>
3:30 pm	Iliac Vein Anteriorization for MTS	<i>Khanjan Nagarsheth, MD</i>
3:45 pm	BREAK	

Selected Topics in Limb Care

Moderator: Khanjan Nagarsheth, MD

4:00 pm	Cognitive Dysfunction and Peripheral Artery Disease	<i>Sarasijhaa Desikan, MD</i>
4:15 pm	PAD Screening for High-risk Patients	<i>John Martin, MD</i>
4:30 pm	Timing of Podiatric Surgery and Revascularization	<i>Michael Lilly, MD</i>
4:45 pm	Costs Associated with Limb Salvage vs. Amputation	<i>Ann Kim, MD</i>
5:00 pm	Closing Remarks	<i>Khanjan Nagarsheth, MD</i>

Day 2: Saturday, October 21, 2023

8:00 am	Welcome	<i>Jacob Wynes, DPM</i>
---------	----------------	-------------------------

SESSION 1

Business of Wound Care

8:20 am	Coding Do's and Don'ts for Outpatient Wound Care	<i>David Freedman, DPM</i>
8:30 am	Wound Care in the Private Practice Setting	<i>Maryellen Brucato, DPM</i>
8:40 am	PANEL DISCUSSION Charcot/Infection Case/Vascular Case	Moderator: <i>Jacob Wynes, DPM</i> <i>Jayson Atves, DPM</i> <i>Andrew Meyr, DPM</i> <i>Shivakumar Narayanan, MD</i> <i>Khanjan Nagarsheth, MD</i>

SESSION 2

Building a TEAM

9:10 am	Building from Scratch: Podiatric Perspective	<i>Tiffany Hoh, DPM</i>
9:20 am	A Primer on DM and its Effects on Bone and Perfusion	<i>Hilary Whitlatch, MD</i>
9:30 am	Lessons from the Trenches: Obstacles and Solutions	<i>Elizabeth Ford, CRNP</i>
9:40 am	APPs and Their Integral Roles in Limb Preservation	<i>Sarah Rosenberger, CRNP</i>
10:00 am	BREAK	

SESSION 3

Amputation Disparities

10:20 am	Local versus Free Flap for Limb Salvage	<i>Arthur Nam, MD</i>
10:30 am	How Likely is Major Amputation After Foot Infection	<i>Barry Rosenblum, DPM</i>
10:40 am	Vascularized Bone Graft in Foot and Ankle	<i>Christopher Bibbo, DO</i>
10:50 am	The BEST Partial Foot Amputation	<i>Andrew Meyr, DPM</i>

SESSION 4

Surgical Reconstruction in the Diabetic/Limb Salvage Patient

11:00 am	A Stepwise Approach to Charcot Reconstruction	<i>Korey DuBois, DPM</i>
11:10 am	Is Ankle Charcot Preventable?	<i>Jacob Wynes, DPM</i>
11:20 am	Surgical Offloading	<i>Jayson Atves, DPM</i>
11:30 am	Lessons Learned in Performing the Vertical Contour Calcaneotomy	<i>John Steinberg, DPM</i>
11:50 am	Neuromicrosurgery Phantom Free Transtibial ERTL Amputation	<i>Edgardo Rodriquez, DPM</i>
12:00 pm	LUNCH	
12:30 pm	Introduction to Keynote Speaker	<i>Jacob Wynes, DPM</i>
12:35 m	An Evolution in the Management of Charcot Management	<i>Guido LaPorta, DPM</i>

SESSION 5

A New Twist to and Old Procedure

1:10 pm	Pearls of Talotibial Calcaneal Arthrodesis	<i>Natalie Danna, MD</i>
1:20 pm	The Role of Minimal Invasive Surgery in Limb Salvage	<i>Ali Rahnama, DPM</i>
1:30 pm	Reproducible Application of a Circular Ring Fixator	<i>Nicole Cates, DPM</i>

1:40 pm **Optimizing the Transmetatarsal Amputation** *Brian Lepow, DPM*

2:00 pm **BREAK**

SESSION 6

Healing by Secondary Intention: Magic or Science?

2:20 pm **Perseverance is Key: When Giving Up is Not an Option** *Haywan Chiu, DPM*

2:30 pm **Can we Trust Non Invasive Vascular Testing?** *Jeanwan Kang, MD*

2:40 pm **Importance of Managing the Periwound** *Tracey Vlahovic, DPM*

SESSION 7

Management of Infection

2:50 pm **Should Every Wound be Cultured?** *Shivakumar Narayanan, MD*

3:00 pm **Perseverance in the Face of Adversity** *Jacob Wynes, DPM*

3:10 pm **Are we Sure its Osteomyelitis?** *Paul Kim, MD*

3:20 pm **Imaging in Osteomyelitis: What Should we be Looking For?** *Derik Davis, MD*

3:30 pm **Local Antibiotic Delivery in the Treatment of Colonized Wounds** *Hummira Abawi, DPM*

3:45 pm **CLOSING REMARKS** *Jacob Wynes, DPM*
