Custodians in Howard Hall

They take care of us.

They are certain that the building remains clean.

More than that they have helped me in many ways. Letting me into my office when I forget my key, helping walk from office to office, lending me their phones when I have forgotten mine.

Does anyone remember getting oranges this winter? They helped me carry them from the car to various distribution points.

Unsung heroes who make our and especially my life more pleasant.
THEY DESERVE A STANDING OVATION.
