

## **Broad Campus-Wide HIV Fundamental Learning Opportunity in the 6 Graduate Schools at UMB**

This program will prepare students to work together to improve patient outcomes and reduce health disparities related to HIV and HCV. Interprofessional education provides classroom and hands on curriculum specifically for health & human service professionals and will help participants incorporate key goals of the National Priorities for HIV and the Viral Hepatitis Action Plan into future practice.

## **Let's achieve an AIDS-Free Generation by 2020!**

## **PTF Preparing the Future HIV Educational Program**

### **HIV 101 THROUGH AN INTERPROFESSIONAL LENS**

This session will help health professionals understand the current HIV epidemic and the gaps in the continuum of care for HIV.

Date	Time	Day	Location	
1/30/2019	1-4pm	W	SOP N111	<a href="#">Register</a>
2/12/2019	1-4pm	TU	SSW Auditorium	<a href="#">Register</a>

### **RAPID HIV AND HCV TESTING TRAINING<sup>^</sup>**

This training will cover relevant HIV testing regulations, implementation strategies and scripts to offer testing and delivery of results for application in community and clinical settings. This training will demonstrate the use of a rapid HIV antibody test, OraQuick Advance and provide testing certification.

Date	Time	Day	Location	
2/2/2019	9:30-3:30pm	SA	SMC Rm 349	<a href="#">Register</a>
2/8/2019	9:30-3:30pm	FR	SMC Rm 210	<a href="#">Register</a>

### **INTERPROFESSIONAL CASE CONFERENCE**

Through an interactive case discussion, participants will gain enhanced understanding of the HIV continuum of care and their role in addressing it, as well as the roles of their interprofessional colleagues.

Date	Time	Day	Location	
2/26/2019	5:30-7:45pm	TU	SOL 4403	<a href="#">Register</a>
4/2/2019	5:30-7:45pm	TU	SMC Rm 351	<a href="#">Register</a>

### **TRAUMA INFORMED CARE AND HIV**

Research has shown that exposure to trauma increases an individual's lifelong risk for serious health issues including HIV/AIDS. This interprofessional training will show how adopting a trauma-informed approach to care may improve patient engagement, enhance outcomes, and reduce avoidable care and excess costs.

Date	Time	Day	Location	
3/28/2019	5:15-7:30pm	TH	SSW 3E34	<a href="#">Register</a>

### **CULTURAL COMPETENCY SESSIONS**

These sessions expand provider proficiencies in and understanding of intersectionality, implicit bias of diverse populations and complex issues that may have an impact on populations at risk for or with HIV.

#### **Social Justice Perspective through a Trauma Lens**

Date	Time	Day	Location	
2/12/2019	5:30-7:45pm	TU	SMC Rm 351	<a href="#">Register</a>

#### **HIV Criminalization & The Law**

Date	Time	Day	Location	
3/12/2019	5:30-7:45pm	TU	SOL Rm 302	<a href="#">Register</a>

#### **LGBT Cultural Competency**

Date	Time	Day	Location	
4/16/2019	5:30-7:45pm	TU	SSW Auditorium	<a href="#">Register</a>

### **New for 2019!**

#### **STANDARDIZED PATIENT (CLINICAL PATHWAY)**

This session will provide an opportunity to use the core competencies of IPE in a clinical setting. It is required for those students pursuing an HIV IPE Clinical Pathway Certificate.

Date	Time	Day	Location	
4/9/2019	5:30-7:45pm	TU	SON 2 <sup>nd</sup> Fl Sim Lab	<a href="#">Register</a>
