

# Personal Mission and Branding

Compilation of Co-Curricular Opportunities *by Themes* to  
support your personal mission and branding

- Lists are NOT all-inclusive; additional opportunities at SOM, UMB and beyond are likely in each area (feel free to send us any examples ☺)
- These are NOT Checklists or requirements by any means!
- Use these as guideposts for opportunities to explore
- The most import thing is to follow your own goals/passions and do not compare yourself to others
