

UNIVERSITY of MARYLAND
SCHOOL OF MEDICINE

Office of Student Research

2023-2024 Student Research Funding

The OSR aims to encourage and support students in their pursuit of research and scholarly activities.

To that end, limited funds are available each year for students who are presenting their research at a national or international conference, who have published a manuscript in a peer-reviewed journal, or who are awarded a competitive external fellowship to support student research.

PRESENTATION AWARDS

For students who will present their research at a national or international conference. Funding is available on a first come, first served basis.

PUBLICATION RECOGNITION AWARDS

For MS2-MS4 students who were listed as first author on a peer-reviewed publication within the last year. This year's application closes **October 15, 2023**.

EXTERNAL FELLOWSHIP BONUSES

For first-year students who apply to and are awarded an externally-funded research fellowship. This year's application will be open from **April 1–May 31, 2024**.
