

WHY BE A PRECEPTOR?

Dr. David L. Stewart sees a patient as a student looks on

- *Serving* your profession and shaping the future of medicine
- *Obtaining* a prominent appointment as a volunteer faculty
- *Gaining* access to potential employees
- *Receiving* faculty development training
- *Earning* 1 credit hour of Category 1 CME for every 5 hours of being a preceptor
- *Claiming* up to 60 credit hours in a three year cycle if a member of AAFP
- *Staying* abreast of medical advancements, as students are apprised of new approaches
- *Staying* current of technology; students are active users of the latest technology and can share this knowledge with you and your staff
- *Giving* back to your community by helping recruit health care professionals to your service area

Join our team of preceptors:

As a community-based licensed physician in any discipline or specialty you are uniquely qualified to teach and mentor Maryland medical students.

About our Students:

Our medical students are either first year primary care track or fourth year students completing their required Area Health Education Center (AHEC) rotation.

Your commitment:

- A minimum of 80 hours (2 weeks) to a maximum of 160 hours (4 weeks) of community-based teaching and mentoring.
- One or two students at a time.

Additional Information:

If you are interested in serving as a preceptor, contact the following:

- Paula Blackwell; Central Maryland AHEC paula.blackwell@umm.edu or 410-856-3636
- Andrea Kelly, Eastern Shore AHEC, clined@esahec.org or 410-221-2600
- Terri Socha, AHEC West, tsocha@ahecwest.org or 301-777-9150, x107

If you have any questions regarding Primary Care Track, please directly contact the following course masters:

- Dr. Richard Colgan, rcolgan@som.umaryland.edu (Family Medicine/ Primary Care Track)
- Dr. Adam Spanier, aspanier@peds.umaryland.edu (Pediatrics/Primary Care Track)
