### **Clinical Activities**

1992 – 1993

Provided Primary Care pediatrics in Johns Hopkins Urgent Care Center, focused on acute care visits.

1993-1995; 1998-1999

Provided primary care pediatrics in the Baltimore Medical Systems, Inc. Responsible for well child care, acute care and hospital coverage for newborns and inpatient admissions at Franklin Square and Johns Hopkins Hospital. Triaged evening/weekend phone calls for pediatric practice on a 1 in 6 basis.

1996-1998; 1999-2006

Provided subspecialty care and consultation in Developmental/Behavioral Pediatrics in both the inpatient and outpatient settings. Provided specialty consultation in various community settings, including local health departments, Infant and Toddler Early Programs, and public schools.

2006-2010

Responsible for supervising the acute and chronic medical care of 195 students in a residential school for children with visual impairment who have complex needs that cannot be managed in their local school system. Provided subspecialty care in Developmental/Behavioral Pediatrics to a panel of 25 students. Collaborated with Nurse Clinical Specialist to develop medication error monitoring system.

2012

Lead the implementation of newborn screening for critical congenital heart disease in Maryland as Medical Director at DHMH. Organized advisory committee consisting of multidisciplinary stakeholders to approve screening algorithm and educational materials. Worked with database vendor to develop data collection tool for screening. Along with birth defects nurse and cardiologist, provided education and outreach to nurseries throughout Maryland via webinars and conferences.

### **Administrative Service**

#### **Institutional Service**

1999-2006

Responsible for scheduling Pediatric Resident activities and didactics while rotating through Behavioral/Developmental Pediatrics.

2006-2010

Medical Director, Maryland School for the Blind. Responsible for reviewing and revising Medical Directives to guide clinical management of the health center annually.

2010 - 2016

Medical Director, Office for Genetics and People with Special Health Care Needs and Chief, Child and Adolescent Health. Provide programmatic direction to Maryland's Title V office serving children and youth with special health care needs (CYSHCN), with 20 staff and budget of 4.5 million. Serve on standing councils - the Developmental Disabilities Council, the State Interagency Coordinating Council, and the Office of Child Care Advisory Council. Staff the Advisory Council on Hereditary and Congenital Disorders. Serve on advisory groups and commissions mandated by legislation and federal grants when selected by the DHMH Administration to serve in this capacity, including the Habilitative Services workgroup and the Maryland Insurance Administration Committee on Habilitative Services. Also responsible for responding to public and legislative inquiries regarding CYSHCN, and to legislative initiatives.
