2024 – Present Attending Surgeon R Adams Cowley Shock Trauma Center rotating at Trauma Team, Soft Tissue and Acute Care Emergency Surgery– Baltimore, MD, USA.

CLINICAL EXPERTISE

Board certified General Surgeon . Additional board certification in the sub-speciality of Trauma Clinical and research focus in the area of:

1. Open abdomen and abdominal wall reconstruction

2. Damage control surgery and resuscitation

3. Use of blood for trauma patients

4. HPB in trauma

5. Complex wound management

Board certified Gastrointestinal Surgeon . Additional board certification in the sub-speciality of Laparoscopic surgery. Clinical and research focus in the area of:

6. Use of laparoscopy in trauma

7. Minimally invasive surgery in acute care surgery

8. Future perspectives with robotic surgery in EGS

SCOPE OF CLINICAL PRACTICE

1997-present	Out patient clinic – pre and post operative care for patients with surgical diseases Currently having an average of 20 patients per week in OPC (pre and post op) Surgical case – approx. 200 cases per year of general, acute care and trauma Multiple leadership /administrative roles as Department Chair, Division Chair, member of commissions

DEVELOPMENT OF CLINICAL PROGRAMS

2009 – 2019	Increase the number of General Surgery Residents at UNISA from 3 to 6 per year by reformulating the training program, getting the funds at the Ministery of Education and improving the results in the Division of General and Trauma Surgery.
2013 – 2018	Implemented the Residency in Trauma Surgery at Hospital Geral do Grajau, São Paulo, Brazil in partnership with UNISA with 2 residents per year. Considering the volume of trauma cases at the Hospital and aiming to improve the quality of care we decided to focus in a more specialized academic unit.
2021—2022	: Implemented the Residency in Trauma Surgery at Hospital Municipal Dr Jose de Carvalho Florence in São José dos Campos, Brazil, with 2 residents per year. Given the volume of trauma cases at the Hospital and the aim to improve the quality of care, we decided to focus on a more specialized academic unit. This is the only program in this part of the State and will have a tremendous impact on the quality of care in this region.
2022- 2024	Application for Fellowship training program in Trauma at Sheikh Shakhbout Medical City was formally submitted to DoH (Department of Health) and the Emirati Board aiming to have our own Fellows. This was approved in 2025.

ADMINISTRATIVE SERVICES

2000-2002	Elected Member of the Medical Ethics Committee of São Luiz Hospital, Itaim, São Paulo,SP, Brazil.
2001-2005	Coordinator of Intra-Hospital Transplant Commission of the Hospital São Luiz Itaim, São Paulo, SP, Brazil.

	2. Oversees a staff of more than 150 professors in the medical school (Basic science, Internal Medicine, Surgery, Gynecology&Obstetrics, Pediatrics and other corelated areas) with a annual budget of 2.5 million.
	3. Oversees all programs related to quality of teaching, new technologies and research projects
2009-2019	Supervisor and Program Director of the Residency Program in General Surgery of the University of Santo Amaro recognized by the National Committee of Medical Residency, São Paulo, SP, Brazil.
	4. Responsible for the training of 72 Residents of General Surgery
	5. Responsible for the training of 8 Residents of Videolaparoscopic Surgery
2011-2019	University of Santo Amaro - UNISA, nominated by the Teaching, Research and Extension Council, São Paulo, SP, Brazil.
	6. Oversees the activities of this committee related to Teaching and Research
2010-2013	Coordinator of the Medical Residency Commission - COREME of the University of Santo Amaro - UNISA, São Paulo, SP.
2010-2013	Coordinator of the Medical Residency Commission - COREME of the University of Santo Amaro - UNISA, São Paulo, SP, Brazil.
2012 - 2013	Full Member of the Medical Ethics Committee of Moyses Deutch Municipal Hospital-M&Boi Mirim, São Paulo, SP, Brazil.
2013-2018	Supervisor and Program Director of the Residency Program in Trauma Surgery of the Hospital Geral do Grajau, São Paulo, SP, Brazil.
	7. Responsible for the training of 6 Residents of Trauma Surgery
2014-2015	Full Member of the Medical Ethics Committee of the General Hospital of Grajaú, São Paulo, SP, Brazil.
2020 – 2022	Surgeon in Chief of Trauma and Acute Care Surgery at Hospital Municipal Dr. Jose de Carvalho Florence, São José dos Campos, SP, Brazil.
2022 – 2024	Division Chairman and Consultant General, Trauma and Acute Care Surgeon at Sheikh Shakhbout Medical City – Mayo Clinic Abu Dhabi, UAE
	8. Oversees a staff of 6 Trauma and Acute Care Consultant Surgeons with a annual budget of 2.5 million.
	9. Oversees all programs related to quality of care, implementation of CPG's related to Trauma care and acute care surgery
	10. Implemented the whole blood program – first in UAE for trauma patients
	11. Working to achieve the requirements for a ACS Level 1 Trauma Center
June 2022 – June 2023	4.005 trauma admissions
June 2022 – June 2023	2830 Acute care surgery admissions
2024 – present	Attending Surgeon and Director of International Outreach Initiative and International Research Fellowship Program at R Adams Cowley Shock Trauma Center, Baltimore, MD, USA

INSTITUTIONAL SERVICE

2001-2005	Coordinator of the Intra-Hospital Transplant Commission Hospital São Luiz Itaim, São Paulo, SP.
2002-2007	Elected Member of the Medical Ethics Committee São Luiz Hospital, Itaim, São Paulo, SP.

2009-2019	Supervisor and Program Director of the Residency Program. General Surgery of the University of Santo Amaro recognized by the National Committee of Medical Residency, São Paulo, SP.
2010-2013	Coordinator of the Medical Residency Commission – COREME University of Santo Amaro - UNISA, São Paulo, SP.
2011-2019	Member of the Structuring Teaching Nucleus – Med School University of Santo Amaro - UNISA, nominated by the Teaching, Research and Extension Council, São Paulo, SP.
2012-2013	Full Member of the Medical Ethics Committee Moyses Deutch Municipal Hospital - M'Boi Mirim, São Paulo, SP, by election.
2013-2019	Effective Member of the Commission on Ethics in the Use of Animals for Research (CEUA) UNISA, São Paulo, SP.
2013-2018	Supervisor and Director of the Residency Program in Trauma Surgery of Grajáu General Hospital,São Paulo, SP.
2013-2018	Deputy Coordinator of the Medical Residency Committee – COREME University of Santo Amaro - UNISA, São Paulo, SP.
2013-2015	Deputy Coordinator of the Medical Residency Commission –
	1. COREME Grajaú General Hospital, São Paulo, SP.
2013-2019	President and Member of the Course Council - Course of Medicine University of Santo Amaro - UNISA, São Paulo, SP.
2014-2015	Full Member of the Medical Ethics Committee General Hospital of Grajaú, São Paulo,SP.
2015-2018	Coordinator of the Medical Residency Commission – COREME Grajaú General Hospital, São Paulo, SP.
2017	Member of the Strategic Planning Board Pan-American Trauma Society in Panama.
2015-2017	Member of the Research Ethics Committee General Hospital of Grajaú, São Paulo, SP.
2017	Member of the Commission for the Monitoring of Medical Schools - CAMIN Of the Secretary Higher Education, Minister of Education, published in the Official Journal of the Union.
2017	Member of the Selection Committee for the Brazilian College of Surgeons CBC / Brazilian Society of Integrated Care for the Traumatized -SBAIT / Brazilian Medical Association – AMB, Area of Trauma Surgery for curricular analysis of the enrolled candidates
2018	Member Brazilian College of Surgeons (CBC) bi-annual 2018/2019 Trauma Commission, nominated.
2018	Vice Chairman of the Education and Research Committee Pan- American Trauma Society appointed.
2018	Member of the Publications Committee Pan-American Trauma Society.
2020	Member of the Board Pan-American Trauma Society.
2020	Chairman of the Education and Research Committee Pan American Trauma Society.
2021-2022	Member of the Evaluation Committee as representative of the Dept. of Surgery Center for Medical and Biological Sciences of the Pontifical Catholic University of São Paulo – PUC-Sorocaba, Sorocaba, SP, Brazil.
2021-Present	Member American College of Surgeons International Relations Committee.
2021-Present	Member American Association for the Surgery of Trauma International Relations Committee.
2022-2024	Co-Chair of the DOH (Department of Health) Center for Emergency Preparedness and Response (CEPAR) Trauma Task Force.
2022-Present	Member of the Council Endovascular Resuscitation and Trauma Management –EVTM

2023-2024	Member of the Scientific Advisory Committee (SAC) at SSMC
2026-2028	Chairman of the Program Committee Pan-American Trauma Society.
2026-Present	Co-Chair of the Publications Committee Pan-American Trauma Society, since August 2026.
2026-2029	Vice-Chair, American Association for the Surgery of Trauma International Relations Committee.

TEACHING SERVICE

Graduation – Medical Students

(A total of approximately 900 activities were done by me with medical students)

1995	Lecturer, Principles of Trauma & General Surgery – PUC-Sorocaba Students of Fourth Medical Year (4 groups – 10 topics per group)
1996	Lecturer, Principles of General Surgery & Trauma. Lectures to Students of Fourth Medical Year (4 groups – 10 topics per group)
1996-1997	Lecturer, Discipline of Surgical Clinic II of the Faculty of Medicine PUC- Sorocaba Lectures to students of fourth & Sixth medical school (Once a week for 2 hours during the academic year)
1998	Lecturer, Principles of General Surgery & Trauma Lectures to students of fourth medical year, Paulista School of Medicine, EPM of Federal University of São Paulo (Once a week for 2 hours during the academic year)
2006	Lecturer, Principles of General Surgery & Trauma – UNICID Lectures for Undergraduate Students from the 6th period of medical course (5 topics for 5 different groups every 6 months)
2007	Lecturer, Discipline of Digestive System Surgery- UNICID Students of Medical Sciences Course (17 topics for 2 different groups every 6 moths)
2007	Lecturer, Principles of Live Surgery: Tumors & Portal Hypertension Undergraduate Students at UNICID
2008	Lecturer, Colectomy with Anastomoses and Colostomy (Theoretical & Practical) UNICID
2006-2014	Preparation for the surgical procedure: 15 topics related to General Surgery per semester - UNICID
2006-2014	The ATLS - Basic Maneuvers in Trauma (Theoretical) for all students from 8th
2006-2014	The Laboratory of Surgical Techniques – Basis of General Surgery (Theoretical and Practical) – 8 weeks for two different groups 6th semester - UNICID
2006-2014	Priciples of Abdominal Surgery – Practical surgical skills – 8 weeks for two groups (Theoretical and Practical)- 8th semester
2006-2014	Basis of Trauma and Acute Care Surgery - (Theoretical and Practical) – 8 weeks for groups 9th semester – UNICID
2009-2019	Basis of Gastrointestinal and HPB Surgery (2 activities for 4 differents groups per semester) - UNISA
2020-2022	Basis of Trauma Surgery (2 activities for 4 differents groups per semester) – PUC-Sorocaba
2021-2022	Principles of General Surgery (16 activities with 2 different groups per semester) – HUMANITAS
2022 – 2024	Daily morning rounds with students and 4 seminars per month – Khalifa University & Gulf Medical School
2022 – 2024	Daily morning rounds with students and 4 seminars per month – Khalifa University & Gulf Medical School
2024 – Present	Daily activities with students from the School of Medicine University of Maryland during their rotations at Soft Tissue, Acute Care Emergency Surgery and Trauma

Residents and Fellows

1998-2000	During my PhD I was in charge of a practical training session once a week in the animal lab to teach basic surgical manouvers in trauma for PGY1 and PGY2 General Surgery Residents from Federal University of São Paulo – UNIFESP
2000 – 2009	As Volunteer Surgeon at the HPB service at the University of São Paulo FMUSP I was in charge of a weekly meeting with the Fellows and Residents of Gastrointestinal Surgery to discuss topics related to HPB Surgery, had a once a week outpatient HPB clinic and one OR time dedicated to surgical activities
2009-2019	As Department Chair and Division Chief I had once a week theoretical and practical activities with PGY1-PGY3 of General Surgery, Fellows of Laparoscopic Surgery and Trauma Surgery, doing daily morning rounds, discussing cases, doing trauma calls in house and operating.
2020 – 2022	Theoretical and practical activities with PGY1-PGY3 of General Surgery and Fellows of Trauma Surgery, doing daily morning rounds, discussing cases, doing trauma calls in house and operating once a week at the Discipline of Trauma and Acute Care Surgery in the Department of Surgery at the Pontifical Catholic University of São Paulo - PUC-Sorocaba, Sorocaba, SP, Brazil.
2022-2024	Theoretical and practical activities with PGY1-PGY5 of General Surgery from Cleveland Clinic Abu Dhabi and Al Ain General Hospital, doing daily morning rounds, discussing cases, doing trauma calls in house and operating on daily basis at Sheikh Shakhbout Medical City – Abu Dhabi – UAE.
2024- Present	Theoretical and practical activities with PGY1-PGY5 of General Surgery from University of Maryland, doing daily morning rounds, discussing cases, doing trauma calls in house and operating on daily basis at R Adams Cowley Shock Trauma Center, Baltimore, MD.
2024- Present	Theoretical and practical activities with Fellows of Acute Caree and Trauma Surgery from University of Maryland, doing daily morning rounds, discussing cases, doing trauma calls in house and operating on daily basis at R Adams Cowley Shock Trauma Center, Baltimore, MD.

MEDICAL STUDENTS, RESIDENTS MENTORING

Undergraduate students directly mentored by me and involved in research projects, scientific papers and scientific initiation program at the University City of São Paulo, Santo Amaro University, Pontifical Catholic University and Khalifa University with interest in the surgical area, stimulating their development in the Disciplines of General, Digestive and Trauma Surgery. All the bellow students developed researchs and presented in major conferences, published their papers and the majority end up been surgeons.

Currently I coordinate a group of 60 Students, Residents and fully trained surgeons from more than 10 countries, twice a month online, where I develop research like metanalysis, systematic reviews and other stimulate the development of science and research.

1. Raphael Rafe. Santo Amaro University – UNISA, 2003.
2. Alexandre Zanchenko Fonseca. Santo Amaro University – UNISA, 2004.
3. Mariana Sala. Universidade Cidade de São Paulo, 2007.
4. Juliane Vulcano. Universidade Cidade de São Paulo, 2007.

GENERAL SURGERY RESIDENT MENTORING

1. General Surgery, Minimally invasive and Trauma Surgery Residents directly mentored by me and involved in research projects, scientific papers at the University of Santo Amaro University and Pontifical Catholic University with interest in the surgical area, stimulating their development in the Disciplines of General, Digestive and Trauma Surgery.

2. Mentor of the monograph "The role of radiofrequency ablation in the treatment of renal cell carcinoma" by Felipe Camargo Bestane, General Surgery Program, University of Santo Amaro, in 2010.

3. Mentor of the monograph "Vascular complications after hepatic transplantation" of Sthefano Atique Gabriel, General Surgery Program, University of Santo Amaro, in 2010.

4. Mentor of the monograph "Permissive hypotension in trauma: a new strategy in the treatment of hemorrhagic shock" by Karina Moreira de Oliveira Roda, General Surgery Program, University of Santo Amaro, in 2011.

5. Mentor of the monograph "Cystic Tumors of the Pancreas: Review of the Literature" by Naim Carlos Elias, General Surgery Program, University of Santo Amaro, in 2011.

6. Mentor of the monograph "Correlation of Ranson and Balthazar scores in acute biliary pancreatitis" by Ana Carolina Mühlberger, General Surgery Program, University of Santo Amaro, in 2013.

7. Analysis of early versus late endoscopic treatment in relation to the evolution of the patient with upper gastrointestinal bleeding due to peptic ulcer disease" by Rafaela Cristina Coelho Muniz, General Surgery Program, University of Santo Amaro, in 2013.

8. Mentor of the monograph "Histological and morphological analysis of endoscopically detected colonic polyps" by Ariadne Dutra Oliveira, General Surgery Program, University of Santo Amaro, in 2014.

9. Mentor of the monograph "Epidemiological characteristics and management of patients with upper gastrointestinal bleeding due to esophageal varices" by Mauricio Rocco de Oliveira, General Surgery Program, University of Santo Amaro, in 2014.

10. Mentor of the monograph "Current approach in patients with pelvic fractures" by Mariana Yumi Miyaoka, General Surgery Program, University of Santo Amaro, in 2015.

11. Mentor of the monograph "Incidence of duodenal injuries in both penetrating and blunt abdominal trauma" by Carolina Zen Jannes, General Surgery Program, University of Santo Amaro, in 2015.

12. Mentor of the monograph "Pyogenic hepatic abscess: Diagnostic and therapeutic approach" of Otto Mauro dos Santos Rosa, General Surgery Program, University of Santo Amaro, in 2016.

13. Mentor of the monograph "Liver transplantation after severe hepatic trauma: current indications and results" by Melina Botelho Medrado, General Surgery Program, University of Santo Amaro, in 2017.

14. Mentor of the monograph "Score of Alvarado in the diagnosis of acute appendicitis: correlation with the tomographic aspects and intraoperative findings" by Christian Spina de Mattos, General Surgery Program, University of Santo Amaro, in 2017.

15. Mentor of the Monograph "Use of oral contrast in the treatment of intestinal obstruction", by Bruno Andres Heredia Brandt, General Surgery Program, University of Santo Amaro, in 2019.

Mentoring students at the Postgraduation Program in Health Sciences - ,Instituto de Assistência Médica ao Servidor Publico Estadual de São Paulo - IAMSPE, São Paulo, SP.

MASTER DEGREE MENTORSHIPS

1. Mentor of the master's thesis "Correlation between imaging and intraoperative findings of the portal triad in adult living liver donors" by Francisco Leoncio Dazzi, presented in 2009.

2. Mentor of the master's thesis "Treatment of liver tumors by Radiofrequency ablation – analysis of Complications", by Alexandre Z. Fonseca, , presented in 2014.

3. Mentor of the master's thesis "Evaluation of the teaching method of ultrasound techniques in emergency and trauma for undergraduate students in medical school" by José Cruvinel Neto, presented in 2017

4. Mentor of the master's thesis "Technical aspects of single port laparoscopic cholecystectomy" by Murillo de Lima Favaro, presented in 2018.

5. Mentor of the master's thesis “Analysis of synaptic plasticity in descending analgesic pathways induced by acrobatic exercise in rats with chronic neuropathic pain”, by Raquel Siqueira Brasileiro Nato, presented in 2019.

6. Mentor of the master's dissertation “Standardization of an experimental model of star fruit intoxication in nephropathic Wistar rats”, by Layla Alves Rodrigues da Silva, presented in 2019

7. Mentor of the master's dissertation “Mortality risk factors in patients with pyogenic liver abscess”, by Otto Mauro dos Santos Rosa, presented in 2020.

8. Mentor of the master's dissertation “Applicability of the Brain Injury Guidelines (BIG) in patients with head trauma”, by Stephanie Santin presented in 2022.

9. Mentor of the master's dissertation “Use of negative pressure therapy on the incision after surgical treatment of pilonidal cyst by primary closure technique” by Silvio Gabor, presented in 2023.

10. Mentor of the master's dissertation “Revocation of professional medical exercise in the state of São Paulo: most infringed ethical articles and their correlation with time in the duration of the professional ethical process” by Ana Carolina Daher Costa, presented in 2024.

11. Mentor of the master's dissertation “accuracy of endoscopic colon capsule compared to colonoscopy in detecting colorectal polyps in adults at high risk of colorectal cancer: systematic review and meta-analysis” by Giovanna Riccitelli de Couto, presented in 2025.

12. Master’s thesis advisor for “Correlation of the Enzian classification with transvaginal ultrasound following bowel preparation,” authored by graduate student João Paulo Barreto da Cunha in the Health Sciences program at the Instituto de Assistência Médica ao Servidor Público Estadual, defended in 2026.

PHD DEGREE MENTORSHIPS

1. Mentor of the doctoral thesis "Identification of neural sites involved in carambola fruit intoxication in nephropathic rats", by Renato Figueiredo de Santana, presented in 2019.

2. Mentor of the doctoral thesis "Evaluation of chest ultrasound efficacy compared to radiography in the evaluation of the criteria’s for chest tube removal", by Alexandre Zanchenko Fonseca, presented in 2019.

3. Mentor of the doctoral thesis “Evaluation of the evacuation function after surgical treatment of intestinal endometriosis” by Fernando Bray Beraldo, presented in 2020.

4. Mentor of the doctoral thesis “Ultrasound-guided lumbar square block as an exclusive method of anesthesia for extra peritoneal laparoscopic correction (PTE) of inguinal hernia: a randomized study”by Murillo de Lima Favaro, presented in 2020.

5. Mentor of the Doctoral thesis " The incidence of chronic pain can be reduced in patients undergoing inguinal hernioplasty using the standardize Lichtenstein technique " by Bruno Amantini Messias, presented in 2024.

6. Mentor of the PhD thesis " Influence of bariatric surgery on plasma levels of matrix metalloproteinase in patients with type 2 diabetes mellitus" by João Kleber de Almeida Gentile, presented in 2024.

GRANT SUPPORT AND FUNDRAISING

2016	American College of Surgeons US $ 12,550, 00
2018	American College of Surgeons US $ 10,000.00
2024-to present	Independent Fundraising Leadership Demonstrated independent fundraising leadership by securing over USD 150,000 through the International Observership Program, ensuring financial sustainability of the International Research Fellowship Program, including direct salary support for research fellows and associated research expenses.
